

PAINT BOOTH CUM OVEN

DESIGNED IN GERMANY

MANUFACTURED IN INDIA

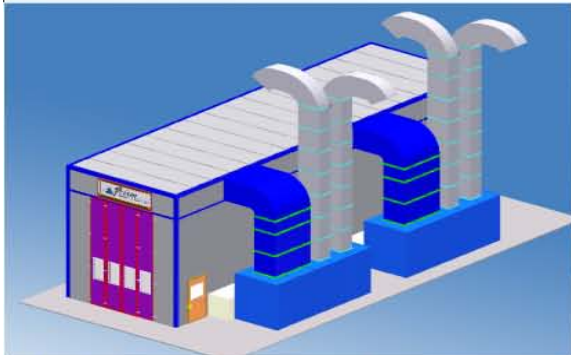

Prism manufactures and supplies the complete paint booth cum oven. Products which are difficult to move from the paint booth to the oven and which are difficult to handle can use a paint booth cum oven. This acts as a paint booth and an oven. Paint booth cum oven speeds up the Painting and drying process.

Paint booth cum oven can be used for large sized objects such as construction machinery, Bus bodies, Rail coaches / wagons, Trucks, Containers and many more.

Additional platforms such as 3 axis platforms and material handling systems like trolleys can be provided along with our paint booth cum oven.
